

SHREE HARI S.B

Computer Science Engineering Student

■ 8105403378 | ✉ shrihari12012007@gmail.com | ■ github.com/shrihari12012007-web

CAREER OBJECTIVE

Computer Science Engineering student interested in Software Development, Artificial Intelligence, Machine Learning, Computer Vision, and Automation. Focused on building practical projects and developing strong programming, problem-solving, and industry-ready technical skills.

EDUCATION

Jain Institute of Technology, Davangere

2025 – Present

Bachelor of Engineering (B.E.) in Computer Science and Engineering

TECHNICAL SKILLS

Programming:	Python, C, Java, JavaScript
Web:	HTML, CSS, JavaScript, React, Vite
AI / ML:	Machine Learning Fundamentals, Computer Vision, NumPy
Tools:	Git, GitHub, VS Code, Android Studio, Canva
Other:	Basic DSA, Automation, Problem Solving

PROJECTS

Panda – AI Voice Assistant

- Built a Python-based AI voice assistant supporting speech recognition, AI responses, text-to-speech, and computer automation.
- Integrated Gemini API, SpeechRecognition, PyAudio, Edge TTS, Pygame, and Python automation libraries.
- Organized the system into modules for AI, voice, commands, vision, memory, automation, and GUI.

Hand Gesture Camera Controller

- Developed an Android computer-vision project for camera-based hand gesture recognition and gesture-controlled interaction.
- Worked with hand landmark detection and Android/desktop controller components.

Srinidhi Eye Care – Web Application

- Developed a responsive eye-care website using React and Vite with a clean healthcare-focused interface.

CERTIFICATIONS & LEARNING

- Python Programming
- Git and GitHub
- AI / ML Fundamentals
- Computer Vision Fundamentals
- Data Structures and Algorithms – Currently Learning

ACHIEVEMENTS & ACTIVITIES

- Participated in coding and technical challenges through HackerRank.
- Building personal AI, software, and computer-vision projects.
- Continuously developing skills in Python, AI/ML, Git/GitHub, and software development.

AREAS OF INTEREST

Artificial Intelligence | Machine Learning | Software Development | Computer Vision
